

VIDEO DISCUSSION QUESTIONS

IMPROVEMENT PLANNING

Moving to Action: From Needs Assessment to Improvement Planning
Dr. Margaret Heritage

Watch the video individually or with a team. As you watch, consider how you currently begin your improvement planning process and select strategies for implementation.

AFTER WATCHING THE VIDEO, DISCUSS AND ANSWER THESE QUESTIONS:

- How does your current practice for collecting evidence of implementation compare to the one Dr. Margaret Heritage describes?
- What is the importance of collecting evidence of implementation as a component of improvement planning?
- Why is it important to create very specific steps when crafting an improvement plan?
- Dr. Heritage asserts that “the effectiveness of the plan is determined by the data we collect along the way.” Why is this so?

NOW, PUT WHAT YOU'VE LEARNED TO WORK:

- Review your current improvement plan to ensure that there are specific action steps and data points to measure the effectiveness of implementation.
- If needed, make the steps and evidence of implementation to be collected more explicit.
