

# VIDEO DISCUSSION QUESTIONS

# IMPLEMENT AND MONITOR

A Living Plan  
Dr. Margaret Heritage

Watch the video individually or with a team. As you watch, consider how you update your improvement plan throughout the year.

---

## AFTER WATCHING THE VIDEO, DISCUSS AND ANSWER THESE QUESTIONS:

- Are the skills and opportunities for practice that Dr. Heritage says are necessary to craft and monitor a school's improvement plan present at your school?
- How is practice built into the process you use?
- Why it is important to frame an improvement plan to achieve desired results rather than simply framing it as "fixing" a problem area?
- What are the most important things for you to do or consider in order to make changes based on data?

---

## NOW, PUT WHAT YOU'VE LEARNED TO WORK:

- Review your school's improvement plan and ensure that there are checkpoints to adjust the plan based on data during the academic year. Revise as needed.
